PRIVATE INVESTMENT FOR CLIMATE CONFERENCE

7-9 OCTOBER 2019

INCHEON, REPUBLIC OF KOREA

About GCF

The Green Climate Fund (GCF) is a new global fund created to support the efforts of developing countries to respond to the challenge of climate change. GCF helps developing countries limit or reduce their greenhouse gas (GHG) emissions and adapt to climate change. It seeks to promote a paradigm shift to low-emission and climate-resilient development, taking into account the needs of nations that are particularly vulnerable to climate change impacts.

About the conference

The purpose of this conference is to unleash the potential of the private sector, especially institutional investors for climate investment in developing countries. Participants for this year are expected to be included 600 guests of more than 100 developing countries including pension funds, insurance companies and climate specialized firms and high-level country representatives and dignitaries.
